

AMENDMENT TO THE DRAWINGS

Please replace the drawings with the replacement sheets filed herewith.

REMARKS

Applicants do not appear to have received a Notice from the draftperson, *i.e.*, form PTO-948, regarding the original drawings filed with the present application. The Notice of Allowability did not require Applicants to provide replacement drawings. However, in order to conform with 37 C.F.R. § 1.84, Applicants respectfully wish to amend the application in order to replace the original drawings with the replacement sheets filed herewith.

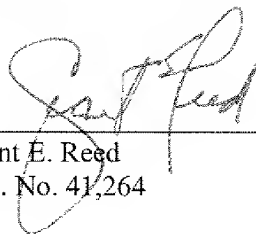

In replacement sheets 1-13, the drawings have been updated to properly identify the drawings (37 C.F.R. § 1.84(c)), use proper margins (37 C.F.R. § 1.84(g)), have proper line character (37 C.F.R. § 1.84(l)), use proper shading (37 C.F.R. § 1.84(m)), use proper symbols (37 C.F.R. § 1.84(n)), and to properly number the drawing sheets (37 C.F.R. § 1.84(t)).

In replacement sheets 4 (Figure 4A and 4B), 5 (Figure 5), 6 (Figure 6), 7 (Figure 7), 8 (Figure 8), 9 (Figure 9A and 9B), 10 (Figure 10), 11 (Figure 11), 12 (Figure 12A and 12B) and 13 (Figure 13), certain text has been removed in order to conform with 37 C.F.R. § 1.84(o).

No new matter will be added by the entry of the replacement sheet drawings. Entry of the replacement sheet drawings will not affect the disclosure of the application, because the replacement sheets do not add new matter.

Applicants respectfully request that the replacement sheet drawings filed herewith be accepted and entered.

Respectfully submitted,

Grant E. Reed
